Professional Summary

Frontend Developer and Software Engineering student with hands-on experience building modern, responsive web applications using React, Next.js, TypeScript, JavaScript, and Tailwind CSS. Passionate about creating intuitive digital experiences through clean, maintainable code and reusable component architectures. Experienced in responsive design, frontend REST API integration, Git workflows, deployment with Vercel, and AI-assisted development.

Technical Skills

- Languages: HTML5, CSS3, JavaScript (ES6+), TypeScript
- Frameworks & Libraries: React, Next.js, Tailwind CSS, Framer Motion
- Frontend: Responsive Web Design, Component-Based Architecture, Mobile-First Development, UI Animation, REST API Integration (Consumption), Modern UI/UX
- Tools: Git, GitHub, VS Code, Vercel

Featured Projects

Xentro Technologies

AI-powered platform connecting talent and opportunities.

Tech Stack: React, Next.js, TypeScript, Tailwind CSS

- Responsive UI
- Modern component architecture
- Performance-focused development

Live Demo: <https://xentro-technologies.vercel.app/>

GitHub: <https://github.com/Pixelraider-sudo/Xentro-Technologies>

In The Making

Personal portfolio showcasing frontend projects and UI/UX.

Tech Stack: Next.js, TypeScript, Tailwind CSS, Framer Motion

- Responsive UI
- Modern component architecture
- Performance-focused development

Live Demo: <https://in-the-making.vercel.app/>

GitHub: https://github.com/Pixelraider-sudo/In_the_making

CampusCycle

Marketplace platform for university students.

Tech Stack: React, TypeScript, Tailwind CSS

- Responsive UI
- Modern component architecture
- Performance-focused development

Live Demo: <https://campus-cycle-mauve.vercel.app/>

GitHub: <https://github.com/Pixelraider-sudo/CampusCycle->

Cheptalal Primary School Website

Professional responsive school website.

Tech Stack: Next.js, TypeScript, Tailwind CSS

- Responsive UI
- Modern component architecture
- Performance-focused development

Live Demo: <https://cheptalal-primary-school-gamma.vercel.app/>

GitHub: <https://github.com/Pixelraider-sudo/cheptalal-primary-school>

Experience

Frontend Developer — Personal Projects (2024–Present)

- Built responsive web applications using React, Next.js, TypeScript, and Tailwind CSS.
- Developed reusable frontend components.
- Integrated frontend applications with REST APIs.
- Managed projects with Git and GitHub.
- Deployed applications using Vercel.
- Used AI-assisted development while validating generated code.

Education

Bachelor of Science in Software Engineering
Zetech University

Achievements

- Built and deployed multiple modern frontend applications.
- Strong portfolio demonstrating React and Next.js development.
- Continuously improving frontend engineering skills through real-world projects.
